

Hamilton received his Bachelor's in Engineering Physics from Ohio State University, and a Master's in Electrical Engineering from Texas A&M University and is now pursuing his PhD in Physics at New Mexico State University. He built a cyclotron while in high school. Hamilton served as chair of the Toys for Tots for the Cherry Hill Elementary School in Austin, TX for two years and participates in physics outreach activities. He has served as a judge at the New Mexico and New York State Science Fairs, worked with middle school students involved in the MESA science competition in Las Cruces, NM, and helped with teacher in service physics training at Smithtown High School here on Long Island.
